Do hereby resolve

On Friday May 16, 2023 Gitwangak Band Council, pursuant to the Authority of the Chief and Council as per its funding agreement with Canada which outlines that Chief and Council "shall at all times provide for the preservation of public health and safety and the protection of the environment and upon determination by the primary response agency rescinds its evacuation alert for Gitwangak Indian Reserve Lands and/or lands covered under the inherent title rights of the Gitwangak Hereditary Chiefs.

The evacuation alert has been rescinded as the threat to the health and safety of the community has been determined to be at an adequate level of risk commensurate with the current and projected water levels that contributed to the initial flood risk.

Mitigation, monitoring and remediation activities will continue to ensure the ongoing safety of residents.
