Notice to Community Members to Downgrade Evacuation Order

On July 14th, 2023 at 1835hrs the **Nak'azdli Whut'en Council** issued a Declaration of a State of Local Emergency to implement an **evacuation order** for **Beaver Lake I.R. #'s 16** due to being advised of the imminent danger to the G51279 Great Beaver Lake Fire.

On July 25th, 2023 at 0150hrs the **Nak'azdli Whut'en Council** **downgraded the evacuation order** for **Beaver Lake I.R. #'s 16** to an **ALERT** due to being advised of the imminent danger to the G51279 Great Beaver Lake Fire.

The reason for the downgrade is as follows:

- Reduced fire activity in the last few days due to rain
- Forecast rain in the next day or two will further reduce in the risk to properties in the area and it is expected the rainfall will result in reduced fire activity for the coming week and give an opportunity for property owners to return.
- If fire activity increases in the next week or two, the Alert will be reviewed.
